

**Proposed wording for 2015 NV Legislature (Drafted after speaking with Executive Secretary of Board of Pharmacy)**

**AMMENDMENT TO NRS 639.0125 to include Nevada Athletic Trainers as providers:**

(7). A Nevada Licensed Athletic Trainer who:

- a. holds a Nevada State License issued by the Nevada State Board of Athletic Trainers and
- b. is authorized by the State Board of Athletic Trainers to possess and transport for their physicians; hypodermics, injectable pharmaceuticals and prescription drugs (not class II) in a specific case for physician only use.
- c. is authorized by the State Board of Athletic Trainers to possess, administer and dispense over the counter pharmaceuticals
- d. is authorized by the State Board of Athletic Trainers to possess and administer emergency inhalers and Epi-pens as directed by their physician director and provide iontophoresis or preparations through use of therapeutic ultrasound as directed by physician. (NRS 630 or 633)

**Nevada State Board of Athletic Trainers will establish within the NV Administrative Code the following Codes to insure protection of the public from changes in the NRS 639-0125.**

- a. Certification Process to Possess, Dispense and Administer Over the Counter Pharmaceuticals.
- b. Certification Process to Possess and Administer iontophoresis, phonophoresis, emergency inhalers and Epi-pen based on their physician director standing orders
- c. Certification to Possess and Transport hypodermics, injectable pharmaceuticals and prescription drugs for use by their identified physicians.
